We have some **REALLY** exciting news!

From January 2024 we are adding all types of sports, and active wear to our product ranges. We have sourced reputable and experienced suppliers in this field, and through dye sublimation, we are able to offer any types of branded polyester sports/active apparel.

The website will be updated accordingly, so be sure to check in early next year!

We will continue to source suppliers of goods and/or services as required by you, our valued customers.

If you have a need for specific products or services we don't currently offer, please don't hesitate to let us know and we will do our utmost to find you the best of the best. We can't promise, but we will certainly give it our very best shot, and let you know.
